Recommendations 建議

F3A-R01-REC-01 [Confirmed] Minor scaffold access obstruction observed at the demonstration work area. Clear the access route and confirm it remains unobstructed.
F3A-R01-REC-02 [Needs review] Reviewed transcription: Materials appear unevenly stacked beside the internal passageway; reorganise the stack and verify the route is clear.

Recommendations 建議

F3A-R05-REC-01 [Confirmed] A similar scaffold protection gap was observed again in the demonstration area. Restore the protection and record the follow-up check.
F3A-R05-REC-02 [Needs review] Reviewed transcription: Keep the internal route clear and confirm the referenced access point after the next inspection.
